1. The minutes of the 70th Meeting were read and approved.

2. Col. Bicknell reviewed briefly his and [REDACTED] conference with the Occupied Areas Section, Office of Naval Intelligence, in New York. The OAS has gathered considerable Formosa material from the Yale Library which is furnished to ONI and the Ethnogeographic Board at the Smithsonian Institute. In this connection the Secretary was instructed to advise the contributors of the availability of this information.

3. Lt. Pratt suggested that consideration might be given to taking over the Princeton press for the publication of JANIS.

4. A lengthy discussion was held relative to the matter of thirty galleys per day versus eighty pages per week, and it was decided that no action be taken until it is determined how the present set-up works out.

5. The question of increasing the personnel of the JISPB Staff was considered and it was concluded that if JISPB were to obtain the services of an additional printing plant, it would be necessary for personnel to be added to the staff.

6. [REDACTED] suggested some other form of reproduction on JANIS 155 be considered to relieve the pressure from Edward Stern and Company at this time.

Comdr. Knox intimated that he would investigate the Princeton press and also gave the Board the facts pertaining to the Garber Printing Company at Ashland, Ohio. It was decided to give the Garber Printing Company the contract on JANIS 155 and arrangements were made to meet with Mr. McCabe, representative of the Garber Printing Company, on 25 April.

8. The Board approved JANIS Memorandum 34 relative to the work maps on JANIS #87.

9. The Board also approved the instruction memorandum regarding the preparation of all JANIS material.
